Fisher A. Baker, referee in the application in the Supreme Court of William F. Nisbet and Martine A. Aborn for writs of certiforari to the Assessors of Yonkers to review assessments, has filed his report in the County Clerk's office. The report finds that the relators are the owners in common of two plots of land, described in the Assessors' books as Nos. 28 and 4 South Broadway. No. 28 was assessed at 123,000 and No. 40 at 120,000. The referee finds that the assessment of No. 28 was not erroneous by reason of being unequal or at a hisner proportionate valuation than the assessment of other real estate in the city, but that the assessment of No. 40 is erroneous and must be reduced to the sum of \$52,500, which is to per cent of the value, so that it may conform to the assessments of other property on the same roll.

THE BOARD TO BE ALLOWED TO ARGUE THE RIGHT TO GRANT THE KINGSBRIDGE

ROAD FRANCHISE. The question of the right of the Board of Aidermen to grant to the Third Avenue Railroad Company the franchise to lay tracks along the Kings-bridge Road came up before Justice Beach in the Supreme Court yesterday, when a motion was made on behalf of the Board to be permitted to open their default in the action for an injunction restraining them from granting the franchise. The defendants also asked for a stay of proceedings defendants also asked for a stay of proceedings pending the result of the appeal from Justice Sm) th's decision continuing the injunction. Mayor Strong was represented by counsel, but he did not ask that his default be opened, but did want a stay of proceedings.

ALL POLICE VACANCIES FILLED.

THIRTY-EIGHT NEW PATROLMEN APPOINTED AS A FINAL STEP AT A SPECIAL MEET-ING OF THE BOARD.

The Police Board held a special meeting yesterday to finish up some business which was left over by the sudden adjournment on Wednesday, when Commissioner Parker insisted on discussing his reasons for refusing to sign the returns on the writ of prohibition served on the Board in the Waters case Mr. Parker sett word that he would not be present, and considerable business was transacted. The Commissioners retired Detective-Sergeant Pat-

rick Lawlor, who has been twenty-nine years on the force, on a pension of \$1,000 a year; dismissed two patrolmen for having been absent without leave and awarded a contract for supplying force books to the Greater New-York police to Martin B. Brown, The Commissioners also appointed thirty-eight new patrolmen, filling all the vacancies in the ranks, so that for the first time in several years the uniformed

that for the first time in several years the uniformed force is complete.

The property clerk, who had in his possession a lot of poker tables and gambling paraphernalla seized in raids in the last six years, asked leave to clear out his storeroem. As under the law the police have power only to destroy the implements and not dispose of them in any other way, it was decided to burn the stuff on Monday. Chief McCulliagh will supervise its destruction. The articles to be destroyed are worth about \$2.500.

The Board passed a resolution turning over to the Sinking Fund Commission three lots in Ridgest, on which it was once intended to build a station. The plan fell through on account of the proximity of a school, and the Board of Education now wants the property for a new schoolhouse.
